Texas Education Conference Story

Two Dynamic Days, One Amazing Venue and Endless Opportunities

October 17-18, 2021 | Marriott Austin Downtown | Texas

For two days in October, top thought leaders, influencers and decision-makers in the meetings and event industry come together at the Texas Education Conference (TEC) to share insights, strategies and best practices that will help planners and suppliers advance their management skills and raise their visibility within their organizations. TEC is the signature conference of the MPI Texas Hill Country Chapter.

To move their careers forward, meeting professionals need to know where the industry is headed, and TEC 2021 is the destination for business-building ideas, immersive engagement, and experiential sessions. Attendees will have unlimited opportunities to learn from their peers and develop crucial connections that go beyond networking. These mutually beneficial partnerships are “relationship capital” that lead to solid-bottom line results.

No other regional conference represents a better career investment for meeting and event professionals than TEC. Planners at every career level have a chance to develop critical leadership skills, while suppliers enjoy rare face time with decision-makers who control budgets ranging from \$250,000-\$10 million annually.

Conference attendees will be among the very first to experience the brand-new Austin Marriott Downtown, across from the Austin Convention Center and within walking distance of famed 6th Street, top shops, and acclaimed restaurants. The highly anticipated hotel features over 600 guest rooms including 25 stunning suites, a rooftop pool with breathtaking views, three bars, restaurants with locally-inspired dishes, and over 60,000 square feet of meeting space.
